

SANKARI P

B.Tech – Artificial Intelligence & Data Science | Mepco Schlenk Engineering College, Sivakasi

+91 9487731392 | Sankari.p0506@gmail.com | Thiruthangal – 626130, Tamil Nadu | [linkedin.com/in/Sankari-p26b608354](https://www.linkedin.com/in/Sankari-p26b608354)

CAREER OBJECTIVE

AI & Data Science student skilled in ML, analytics, and full-stack development. Passionate about building intelligent, data-driven solutions actively seeking placement opportunities to apply and grow expertise.

EDUCATION

B.Tech – AI & Data Science · Mepco Schlenk Engineering College, Sivakasi · **2023–2027** · **CGPA: 7.74**

HSC · Muthumari Matric. Hr. Sec. School, Thiruthangal · **2022–2023** · **94%**

Rashtra Basha Praveen (RBP–Hindi) · **2017–2020**

INTERNSHIP

Data Analytics Intern · Krutanic Solutions (Adobe Approved Partner) · **Ongoing**

Industry exposure in data analytics workflows, visualization, and reporting using enterprise BI tools.

PROJECTS

► **Non-Verbal Tourist Prediction & Analysis** · *Data Analytics · Web Dev* · **2024–25**

Analytics web platform for multilingual tourist support via predictive models and user-focused design.

► **Memory Match Game** · *Artificial Intelligence* · **2024–25**

AI game using Min-Max algorithm; deepened understanding of game theory and strategic decision-making.

► **Freelance Job Matching Platform** · *Software Engineering* · **2025**

Full-stack platform for skill-based freelancer–job matching with smart recommendations and real-time listings.

► **Campus TradeConnect** · *Computer Networking* · **2025**

Offline campus commerce platform using custom LCP protocol, socket programming (C), Python WebSocket bridge, and HTML/CSS/JS UI for ad posting and real-time chat within a CAN.

► **Food Prediction & Calorie Estimation** · *Machine Learning · CV* · **2025**

AI web app identifying Indian food items from images, estimating nutrition, and generating personalized diet plans based on user physiology and lifestyle goals.

► **Diwali Sales Prediction** · *Data Analytics · BI* · **2026**

Forecasted festive season sales trends using Power BI, Jupyter visualizations, and MySQL — enabling inventory and marketing decisions.

SYMPOSIUMS & WORKSHOPS

- Agripredict – Paper Presentation: AI in Smart Agriculture
- Workshop on Data Analytics and its Tools
- MEPEXPO – Mathematical-visual model: "Fibonacci Sequence in Plants"

SKILLS

Programming

- Python
- Java
- C

Data Analytics

- Power BI
- Jupyter
- Orange

Web / Databases

- HTML
- CSS
- PHP
- MySQL
- Neo4j
- NoSQL

Networking

- Socket Prog.
- WebSocket
- Custom Protocols

AREAS OF INTEREST

- Data Analytics & BI
- Deep Learning
- Full Stack Development
- Computer Networking
- AI-based Software Dev

LANGUAGES

- Tamil
- English
- Telugu
- Hindi

CERTIFICATIONS

- Paper Presentation – "Agripredict", Vel Tech, Chennai
- NPTEL – Human-Computer Interfaces
- IEEE – English for Technical Professionals
- MEPEXPO – "Fibonacci Sequence in Plants"

EXTRA-CURRICULAR

- Office Bearer – Sustainability Club, MSEC
- Member – Apti Riders Forum
- SIH 2025 – "Maximising Section Throughputs using AI-Powered Train Traffic Control"
